A Study Of History

A Study of History is a 12-volume universal history by the British historian Arnold J. Toynbee, published in 1934–61. It received enormous popular attention but according to historian Richard J. Evans, "enjoyed only a brief vogue before disappearing into the obscurity in which it has languished." Toynbee's goal was to trace the development and decay of 19 world civilizations in the historical record, applying his model to each of these civilizations, detailing the stages through which they ...

A Study of History - Wikipedia

Arnold Toynbee's A Study of History has been acknowledged as one of the greatest achievements of modern scholarship. A ten-volume analysis of the rise and fall of human civilizations, it is a work of breath-taking breadth and vision.

Amazon.com: A Study of History, Vol. 1: Abridgement of ...

Toynbee's A Study of History is one of those voluminous treatises that I simply can't think of any specific points to include in my review, for the book itself already includes virtually everything worth consideration within the field of study. The topics in which this book concerned were on the cultural level of civilizations and on the spatiotemporal level of the globe in millennia.

A Study of History by Arnold Joseph Toynbee - Goodreads

...was given to Toynbee's massive A Study of History (1934–61) immediately after World War II. Toynbee, like Spengler, undertook a comparative study of civilizations, thereby repudiating attempts to treat the past as if it exhibited a single linear progression: at the same time, he diverged from Spengler in suggesting that...

A Study of History | work by Toynbee | Britannica.com

Although A Study of History is a voluminous work, the basic outline of this pattern of laws operating in history is quite simple. A primitive society evolves into a civilization because it successfully responds to a challenge in either the physical or the human environment.

A Study of History | Encyclopedia.com

In his Study of History Toynbee describes the rise and decline of 23 civilisations. His over-arching analysis was the place of moral and religious challenge, and response to such challenge, as the reason for the robustness or decline of a civilisation.

Arnold Toynbee ~ A Study of History - age-of-the-sage.org

A Study of History by Miles Mathis No, this isn't a study of all of history, so don't worry. This is a short non-standard study of the meaning of the word "history". As usual, I intend to twist this a little to make you think of it in a different way. As it now stands, history normally means a record of past events, as you would find in a book.

A Study of History - milesmathis.com

Acknowledged as one of the greatest achievements of modern scholarship, Arnold Toynbee's A Study of History consists of a ten-volume analysis of the rise and fall of human civilizations. Contained in two volumes, D.C. Somervell's abridgement of this magnificent enterprise preserves the method, atmosphere, texture, and, in many instances, the very words of the original.
