While freedom is a big deal in America, in New Zealand we use the word but pay it little real heed. The thesis of Fairness and Freedom, by Boston history professor David Hackett Fischer, is that fairness has become our central creed, our guiding ideal, what freedom represents to the citizens of the United States. Fischer (who is aged 77 and has ...

Fairness and Freedom compares the history of two open societies--New Zealand and the United States--with much in common. Both have democratic polities, mixed-enterprise economies, individuated societies, pluralist cultures, and a deep concern for human rights and the rule of law. But all of these elements take different forms, because constellations of value are far apart.

Fairness and Freedom: A History of Two Open Societies: New ...

"Fairness and Freedom" is a cultural/political/social history of the United States and New Zealand in one volume. To the general reader's likely question, "Why would anyone put the two in one book?", author's answer and binding theme is that both former British colonies are open societies with liberal democratic systems, but with a difference.
