Oxford Music

Music is an auditory art comprised of meaningful arrangements of sounds with a relation to pitch, rhythm, and tonality. Another definition of music is "a natural and intuitive phenomenon operating in the spheres of time, pitch, and energy, and under three distinct and interrelated organization structures of rhythm, harmony, and melody." Since music is natural, it can be produced in nature by ...

A number of users keep adding streaming-only digital releases. To reiterate, a digital album, in order to be listed in the discography section, must be or must have been available for full, public, official download at some point. Apparently this problem is particularly virulent for Bandzone streams.
