#### **Progress And Trends In Rheology**

The Rheology Conferences are therefore always an important event for science and technology. The Fifth European Rheology Conference, held from September 6 to 11 in the Portorož, Slovenia, will be the first All-European rheology meeting after the formal constitution of the European Society of Rheology. As such it will be a special historical event.

Keunings, Progress and challenges in computational rheology 557 constitutive model that relates the extra-stress  $T$  to the deformation experienced by the fluid. The selection of an appropriate viscoelastic constitutive equation, whether of the differential or integral type, remains a difficult problem (see, e.g., [3]).
